Local Creamery Wins Six Prizes At Eastern Exhibitions

Crystal Dairy Ltd., of Didsbury took the honors for the province of Alberta for butter making at the various Exhibitions in Eastern Canada, by winning six first prizes, and two second prizes for its products.

While it isn't out of the ordinary for the Crystal Dairy at Didsbury to win prizes for its butter, the results are nevertheless gratifying to the local manager, J.W. Worde, and to the butter maker, Gordon Sherrick, who strive to turn out the best in their line. Their results, however, could not be obtained without the co-operation of the local farmers who bring in the top quality milk and cream for processing.

At the Canadian National Exhibition in Toronto this year Crystal Dairy Ltd., of Didsbury won first prize for a box of 10 one-pound units; first prize for 14-pound units of butter made during the month of June; and second prize for 14-pound box made during the months of July and August.

At the Central Canadian Exhibition Association at Ottawa, Crystal Dairy Ltd., of Didsbury won first prize for a 14-pound box of butter, solid packs; and first prize for 10 one-pound units.

At the Alberta Butter Exhibitions at the Western Fair at London, Ontario, Crystal Dairy Ltd., of Didsbury, won first prize for a 14-pound box of butter made in the month of July; first for 10 one-pound units, second for a 14-pound box of butter made during the month of June.

The Didsbury Creamery has the largest plant operating in any of the towns in this province, exceeded only by city creameries, and over the years has continued to make quality butter for the trade.

Westerdale Willing Workers Meeting

The October meeting of the Willing workers was held at the home of Mrs. J. Cowie on Wednesday afternoon with seven members and three visitors present. The meeting was opened with a prayer, and the meeting opened with the singing of "Friendship is the Thing," followed by the Creed. Due to the absence of the secretary, Mrs. F. Jackson was appointed to fill the vacancy for the meeting.

Following the reading of the minutes, a letter was read from CAKE. Also a letter which Mrs. A. Jackson had received from Mrs. Masson, Selby, England, and a thank-you card.

It was decided to entertain the members' husbands on November 13 at 8 p.m., with a chicken supper, games, etc. Each member is to invite another couple to the supper.

Mrs. S. Jackson and Mrs. J. E. Bolton were appointed in charge of games, etc.

The supper committee will be Mrs. H. Jackson, Mrs. L. Jones and Mrs. F. J. Jackson.

It was reported that the sum of \$19.15 was the balance owing for paint and window panes.

Mrs. J. E. Bolton presented Mrs. Campbell, a burned out visitor, with a box of canned fruit and other articles donated by the members.

It was decided to hold the whist parties again this winter.

The tea money contest prize was won by Mrs. B. Kershaw.

The November meeting will be held at the home of Mrs. F. J. Jackson.

The sympathy of the district is extended to the newly weds, Mr. and Mrs. R. F. Heaton, on the death of the former's father, Mr. Arthur Heaton, who passed away at Rimby last Sunday evening. Funeral services were held at the Anglican church at Hartman last Thursday afternoon.

Mr. and Mrs. T. Collinge of Acme visited at the home of Mr. and Mrs. Ben Kershaw on October 7, as also did Mr. and Mrs. E. Krebs and Miss M. Kershaw of Calgary.

The Westerdale school children had a holiday on Monday as the teacher was unable to be present due to the severe blizzard of Sunday night.

C.P.R. TRAIN TIMES AT DIDSBURY

NORTHBOUND:

No. 528—Daily 6:21 p.m. (stops on flag on Sundays only).

Cremona Man Passes In Didsbury Hospital

Death took place in Didsbury hospital, Tuesday, October 2, of John Cecil McQuarrie, 47, of Cremona.

Mr. McQuarrie was born in Oak River, Manitoba, and moved to Gowan, Saskatchewan, in 1906. Six years later he went to live in Oyen, Alberta, and later spent a short period in Shepard and deWinton before moving in 1938 to Hobbema where he operated a grain elevator for Midland and Pacific Company. In 1941 he went to live in Cremona.

Mr. McQuarrie was a member of Oyen Masonic Lodge.

He is survived by his wife Inez, four daughters, Joan, Margaret, Donna and Hazel, and two sons, Gordon and John all of Cremona; one sister, Mrs. Ruben Johnson, Calgary; and a brother, Lorne of Forest Lawn.

Funeral services were held from Jacques Funeral Home at 1:30 p.m. on Thursday, October 4, with Rev. Robert Simons officiating. Interment was in the Queen's Park Cemetery, Calgary.

WEST DIDSBURY CALF CLUB REORGANIZED

The first organization meeting of the West Didsbury Calf Club was held at the home of Roy McNaughton on October 1st.

The meeting opened with an address by Mr. McNaughton. The minutes of the last meeting were adopted as read, and new officers were elected for the coming year.

A delicious lunch was served by Mrs. McNaughton.

The next meeting will be held at the home of Mr. Alex Robertson on November 17th at 2:00 p.m.

Alberta Tuberculosis Annual Essay Contest

The Alberta Tuberculosis Association is sponsoring for the third consecutive year an essay contest for students in Grades seven to twelve in Alberta schools. It was announced last week by officials of the association that information concerning the contest will be sent out this week to schools in all parts of the province and closing date for entries has been set at December 22.

Purpose of the contest is to provide reliable information about tuberculosis and public health and to familiarize students with Alberta's tuberculosis program. It is planned to make this a group activity with entries to be the result of combined class studies rather than individual efforts.

Judges for the event will be Dr. W.H. Swift, Deputy Minister of Education; Dr. G.H. Davidson, director of the tuberculosis division, Alberta Department of Public Health, and E.C. Ansley, executive secretary of the Alberta Teachers' Association. Prize money totalling \$1,500 will be awarded, and may be had in form of additional sports equipment, radio-phonographs, libraries, etc. With greater interest being shown in the contest this year, T.B. officials expect a record entry in all divisions. Entire cost of the project is being defrayed from Christmas Seal funds, as part of the health education program of the association.

Dr. Reiber will fill the vacancy occasioned by the elevation of Dr. Herbert Young, former head of the division, to the Department of the new College of Letters and Science.

Dr. Reiber was born in Stratford, Canada. He is a graduate of the University of Alberta in Edmonton, receiving his Bachelor of Science degree in 1927, his Master's degree in 1930 and his Doctor of Philosophy degree in Berkeley in 1933. He received his Ph.D. in both the B.S. and M.S. degrees.

He was principal of the Three Hills school in Canada from 1920 to 1922, and principal of the high school in Calgary from 1927 to 1928. Following that he was Assistant Provincial Analyst for the Province of Alberta from 1928 to 1930.

In 1933 Dr. Reiber became a Research Chemist for the Union Oil Co., continuing on until 1937 when he came to the University of California at Davis and has since been a member of the chemistry division of which he is now the head.

Dr. Harold Reiber received his early education at Didsbury and is a brother to Clint and Art Reiber of this town.

Rev. Alex Mitchell Passes In Calgary

Rev. Alexander Mitchell, 71, pioneer Presbyterian minister, died on Saturday, October 13 at his home in the Anderson Apartments, Calgary.

Born in Lanark, Scotland, Mr. Mitchell came to Canada in 1911 and was ordained into the Presbyterian church in 1914. He served in B.C. before coming to Alberta in 1919, where his first charge was in Claresholm. During his career he served in many points throughout the province, including Didsbury, where he was Minister of Knox United Church, Didsbury.

He was padre and honorary member of the Canadian Legion in Didsbury, and had lived in Calgary since his retirement in 1944. He is survived by his wife, Florence; a daughter, Edith, of Calgary; two sons, Alex of Wembley, and James of Pouce Coulee, B.C. Jacques Funeral Home was in charge of arrangements.

HON. DOUGLAS ABBOTT, Canadian Finance Minister, (left), and Hon. D. H. Brown, Deputy Minister of Finance, at a meeting of the International Bank and International Monetary Fund in Washington. In the middle is D. H. Brown, deputy managing director of the fund. Mr. Abbott presided at the session.

ON CIVIL DEFENCE

(By Mrs. H. Lynch Staunton)

In the event of a general war it is not expected that Canada will be subjected to saturation bombing; nevertheless it is possible, and probable, that we would experience some air attacks. Some of the cities, particularly, are considered potential targets. Therefore, the cities need trained and organized. Besides, no one can foretell where bombs may be dropped, by accident or by design.

The fact that the country were prepared might stop an attack from taking place. In any case, if an attack were made, preparedness would certainly lessen the chances of panic.

Getting ready does not mean we are going to be bombed. It merely means we are playing safe. It is like what we do when we buy fire insurance on our houses. We do not expect to have the house burn down but we do not want to take that chance.

When lessons on Civil Defence are given, seize the opportunity to learn all you can, for being prepared would greatly reduce injuries and loss of life.

DIDSBURY HOSPITAL BIRTHS

Born at the Didsbury hospital to Mr. and Mrs. Geo. Mullens on Tuesday, October 9, a son.

To Mr. and Mrs. Neil Neufeld on Wednesday, October 10, a son.

To Mr. and Mrs. Jake Krueger on Thursday, October 11, a girl.

To Mr. and Mrs. Fred Reese on Friday, October 12, a son.

To Mr. and Mrs. Reg Johnston of Cremona on Saturday, October 13, a son.

To Mr. and Mrs. Walter Quantz on Sunday, October 14, a girl.

Redeemer Ladies' Aid To Have Con. Supper

The regular meeting of the Ladies' Aid of the Redeemer Lutheran Church, Didsbury, was held on Thursday, October 11. Pastor Fox spoke to the members of the church's program "Conquering for Christ." Upon the basis of large charts, he showed the rich blessings the Church has enjoyed and the solemn obligation and duty that has been placed before the Christians.

To commemorate the dedication of the Redeemer Lutheran Church the Aid has decided to hold a congregational supper on Friday, November 2, beginning at 7:30 p.m. The Committee in charge of arrangements consists of Mrs. H. Wildhusen, Mrs. F. Redway, Mrs. W. Brannan and Mrs. J. Folkman. Plans are also being made to provide a short entertainment at this event. Since this supper is not a money making scheme but rather an occasion for Christian fellowship, prices are being held at a minimum. An invitation is being extended to friends of the congregation to attend this supper.

STEER WEIGHING 2450; BRINGS \$661.50

A winning roan steer, age between seven and seventeen years, weighing in at 2,450 pounds at an Edmonton packing plant recently brought his seller \$661.50. He sold for 27 cents a pound.

Dressing out at 59 per cent, the big steer yielded 1,448 pound of beef.

Marketing Service, Canadian Department of Agriculture, reporting the sale, said the steer was raised by a herdsman west of Edmonton, near Lake, Alberta, toward the foothills. The big roan had been used as an ox and lack of yoke callouses indicated he had been worked single with a Dutch collar.

Shower For Cremona Bride Of The Month

Miss Lois Parkhurst, bride-elect of this month, was honored at a miscellaneous shower on Wednesday afternoon, October 10, when about forty guests gathered at the home of Mrs. R. Bouck.

Miss Parkhurst received her gifts seated under streamers of her favorite colors, mauve and yellow. The gifts were arranged in a mauve and yellow basket and were presented to her by little Jane Stanton and Larry Papke.

The Misses Cleo and Audrey Parkhurst assisted in unwrapping the gifts.

Paper hats made by the ladies and worn all afternoon caused considerable amusement.

Games of bingo were played with Mrs. H. Coleman and Mrs. A. Possin winning prizes, and during the afternoon Mrs. N. Eby sang an enjoyable solo.

A dainty lunch was served by the hostess to end a pleasant afternoon.

Fire Prevention

Did you ever stop to think that the majority of fire fighters in the Province of Alberta are volunteers? Well, it's true and according to figures received from the Fire Commissioner's Office there are 470 paid firemen and 2,310 volunteer fire fighters. That means five times as many volunteer as paid firemen.

You know it takes a special kind of fellow to make a good volunteer fireman. Someone has recently described it this way:

"It takes a special kind of a slap happy individual to be a good fireman. He ruins fifty bucks worth of clothing, catches pneumonia and suffers the torture of the damned, for which he gets a few begrudging bucks from the village, plus a lot of free advice as to how he should have put out the fire in half the time. It does not make much sense, but if it were not for the impractical souls who risk their necks and ruin their wardrobes without much reward, many cities, towns and villages would burn to the ground, and who can value the saving of lives and the preventing of injuries from fire?"

If the public spirited group of fellows in your town try to do something worthwhile during Fire Prevention Week, any one of them comes to see you and asks you to remedy a fire hazard, show him that you have respect for what he is trying to do. Help him make your community safe from fire.

Camel caravans, horses, donkeys and flat-bottomed river boats are among the means of transportation used by the United Nations International Children's Emergency Fund (UNICEF), to distribute milk, food, raw materials and medicines to needy children in some 60 different countries around the globe. No village is too remote, no conditions are too difficult for the transportation of these life-giving supplies. This illustration shows the arrival of one of UNICEF's transports at the Greek village of Skafi in Macedonia.

To Build Research Lab. In Edmonton

Official sod-turning ceremony for the new Dr. John S. MacEachern Cancer Research Laboratory in Edmonton will be held on the morning of Saturday, October 20, in conjunction with the Fall Convocation of the University of Alberta.

The laboratory, which will cost over \$200,000, has been made possible through the funds donated by the people of Alberta to the Annual Cancer Crusade which this year realized over \$196,000. It will concentrate for the first time in Alberta's medical history, cancer research within one roof, where necessary technical requirements will be available to research workers. It will be a building complete with project rooms for individual workers' experiments, isotope laboratory, operation and sterilization room, X-ray facilities, and much of the equipment modern science has provided for the researcher.

ONLY Speed Queen

... gives you this!

Smooth, rounded, Bowl-shaped tub for fast clean washing. Drains itself dry. Easy to clean.

... and this

Double walls to keep water hot and to protect the porcelain tub.

... and this

Super Duty Aluminum Winger with self-adjusting pressure and swing-away top (see cut). Finest winger on any washer.

The biggest dollar in your purse is a Speed Queen dollar. Come in and let us prove it.

**OUR TEACHERS
MOULD
OUR NATION'S
FUTURE!**

Ambitions are born in classrooms. Talents develop in classrooms. What your child will become is largely determined in classrooms.

Teachers are among the most important members of your community.

**PROVINCIAL FORESTRY SCHOOL
SET UP AT KANANASKIS**

Twenty forest rangers will be going back to school this month to attend Alberta's first permanent forestry school.

The course, operated by the Department of Lands and Forests, began October 1 and will continue to December 15. It is made up of practical and classroom training. Rangers will learn how to protect forests from fire, build log cabins, cruise timber, survey land, and countless other subjects that will improve their knowledge of forestry service.

"The primary purpose of the school is to provide forest rangers with a thorough grounding in the practical and scientific aspects of forestry and to train them for field work in Alberta's forested areas," stated E.S. Huestis, Director of Forestry.

Sight of the school is Kananaskis Forest Experimental Station, 35 miles southeast of Banff. The Dominion Forest Service has provided complete facilities of the former prisoner of war camp, including modern dormitories, bedding, kitchens, shops and class rooms. Surrounding the station are many different forest conditions suited to practical training in forestry work.

To make up the class of 20, the Forest Division has chosen two men from each of the forestry areas and reserves in Alberta. A preference has been shown for younger men with reasonably good education who must have at least one year's service with the Forests Division.

Two trained foresters, V. Heath and J. Bloomberg, will be in charge of the camp school. Most of the instructors will be from the Dominion and Provincial Forest Services, Dominion Entomological and Pathological Divisions, and the University of Alberta.

The course will be made up of 21 major subjects, taking in almost all important phases of forestry work. The two most important classes will be on fire protection and forest

mensuration, and will take up more than one-third of the course. Fire protection includes theory, legal aspects, organization and the keeping of records. The forest mensuration course will train forest rangers to make proper use of technical instruments in cruising and collecting data on forests and their growth.

Other lectures on the course include: Timber and operations, surveying, fish and game, operating and care of mechanical equipment; construction, improvement and maintenance of frame and log buildings, roads, bridges, look out towers and corduroy; field trips and woodcraft, administration and also office methods, public speaking, public relations, photogrammetry, forest entomology, mathematics, forest management and silviculture, watershed management, botany range management, pathology, and law.

In addition to regular forestry subjects, the course also will deal with related subjects such as fish, fur, game and soils. Emphasis will be placed upon application of the knowledge gained and various field projects will be designed to test the ranger's ability to apply what he has learned.

Only about one half the course will be spent in classrooms. Most subjects will include practical training, and men will spend considerable time in the surrounding forests.

At the completion of the course, rangers will be given an examination. Each graduate will be given a rating and a definite recommendation will be made of his ability in each of the subjects covered during the school term. This rating will be permanently recorded in each ranger's personnel file.

WEDDINGS

DAVIES-BEATSON

A quiet wedding was solemnized at the United Church Manse, Didsbury, on Wednesday, October 3 at 2:45 p.m., when Miss Nellie Beatson, daughter of the late Mr. and Mrs. T. Beatson, of Sheffield, England was united in marriage to Mr. Caradog Davies of Garfield, Alberta. The bride looked lovely in a mantel blue suit with grey accessories. She carried a white Bible and a bouquet of pink sweetheart roses.

The bride was attended by Miss Margaret Blasius of the local hospital staff, who was becomingly attired in a fall dress of hunters green and tan accessories. She carried a bouquet of Tailsman roses.

The groom was attended by his brother, Mr. John Davies of Garfield. The bride was given in marriage by Dr. R.E. McKenzie of Didsbury.

During the signing of the register, Mrs. Marion Hirlander sang "I'll Walk Beside You," accompanied by Miss Roberta Kelly on the piano.

Following the ceremony, a reception was held in the reception room of the nurse's home at the Didsbury Hospital, where the guests were received by the matron, Mrs. V.L. Turner, who wore a navy blue dress of corded crepe and a corsage of red roses.

The toast to the bride was proposed by Mr. Art Harvey of Hanna. After the reception the bridal couple left for a short honeymoon to Calgary.

Mrs. Davies R.N. was formerly of the local hospital staff. Out of town guests included Mr. and Mrs. Art Harvey of Hanna.

Aluminum is friendly to food

And hospitals know it well! In this gleaming hospital kitchen, aluminum cooking utensils do a double job. They meet the highest hygiene standards because aluminum is ideal in contact with food. And they cook hospital meals more quickly because aluminum heats so evenly. Millions of Canadian homemakers, too, protect the flavour and quality of everything they cook by using aluminum utensils.

ALUMINUM IS FRIENDLY TO HEALTH

ALUMINUM COMPANY OF CANADA, LTD.

Department of Information,
Aluminum Company of Canada, Ltd.,
Montreal, Quebec

Gentlemen:

We have for a number of years been using aluminum utensils in our kitchen and aluminum trays in the hospital. We have found them to be very useful and durable.

We have found aluminum to be strong, durable and easy to keep clean.

The present aluminum utensils are being used both in the kitchen and in the hospital. They are being used in the kitchen for the purpose of cooking and in the hospital for the purpose of serving food. We have found that the lightness of these utensils makes them very useful in the kitchen and in the hospital.

Our opinion of the aluminum utensils are highly satisfactory and are really clean.

Yours truly,
L.H. Adams,
Executive Assistant
to the Superintendent.

loved. They have learned how to be successful.
They have learned how to be everything.
They have learned how to be perfect.

**Agricultural
SERVICE
BOARD
NOTES**
W.K. Snyder,
Field Supervisor

Crucial time for rat control:
W. Lobay, Supervisor of Crop Protection, Alberta Department of Agriculture, reports that during the past two months Norway rats have been killed in the areas of Campecr, Schuler, Monitor and Acadia Valley. In all cases, the rats were found in grain fields at some distance from buildings. With established colonies of rats just east of our eastern border, these rodents are now moving around looking for winter quarters. Among these migrants will be females in search of suitable nesting places. Following settlement under a cosy farm building, their litter can be expected to arrive within a week or so, and unless prompt action is taken colonies can become quickly established.

Everyone is urged to be on the alert for both rats and signs of rats. Hunters, harvesters, and children passing to and from school, can be of great assistance in keeping a close watch for these pests. It is much easier to kill one rat than to clean up an established colony. If rats are killed or their presence suspected, the incident should be reported immediately to the pest control officer, district agriculturist, or Field Crops Branch, Alberta Department of Agriculture, Edmonton. The pest control officer for M.D. of Mountain View No. 49 is the Field Supervisor.

HOG PRICES DROP

Hog prices have been on the decline in Canada during the past couple of weeks. They dropped from \$47 per cwt. to \$30 on the Calgary market. In Edmonton and Winnipeg the drop was below \$30. Since the peak price last summer the drop in Calgary has been \$9.75 per cwt. These quotations are all dressed weight.

CANADA IS SECOND LARGEST SUPPLIER OF FISH TO BRITAIN

Outside of Portugal's \$12 million by value and 78,017 cwt. by quantity, Canada was the second largest supplier of canned fish to Great Britain in the first half of this year, with shipments of 28,863 cwt. valued at \$1 million. Sardines and salmon enjoyed the largest market, which totalled \$1 million.

PRICE CONTROL EXPERIMENT NO FRIEND OF THE FARMER

Those few Canadians who are putting pressure on Ottawa in an attempt to revive price control experiment are no friend of the farmer. Joseph Lister Rutledge pointed out in a statement today, Mr. Rutledge is Chairman of the Canadian Unity Council.

"Fifty-three per cent of the rise in the official Cost-of-living Index from 1939 to July of this year is due to increased food prices," said Mr. Rutledge. "As food prices are a measure of farm earnings it might appear that farmers are profiteering at the expense of other Canadians. However, the fact is that farm prices in the years 1935 to 1939 on which the Index is based were still at a depression low. Farm earnings at that time were far below the earnings of other Canadians and today the farmers wages and food prices that produce them are only in line with the earnings of other groups and prices of other commodities.

"Price controls will not roll back industrial wages," Mr. Rutledge noted, "and therefore will bring in little in the way of general price reductions. The penalties will fall on unprocessed foods, the farmer's product. Should controls be put into effect the government would probably do as it has done before—pay the farmer less than the market value for his wheat so that he may have cheap bread, forbid the farmer to market his cattle anywhere but at home where the price may be controlled so that we may have cheap meat. And as in the past, subsidies will not solve the resulting problem: offsetting lower prices by the higher taxes necessary to provide the subsidies benefits no one."

ELECTRIC WHALING HARPOON

A new electric harpoon embodying electrodes instead of an explosive charge in the harpoon head will form part of the equipment of British whaling ships shortly leaving for the Antarctic. The advantages of the new harpoon are both economic and humanitarian — it kills whales more quickly (in a minute instead of an hour or more) and does little damage to the flesh in the process.

**Cows can't
use crutches**

We've heard from Denmark that a cow over there had to have its leg amputated, but gets along quite nicely now on a new one made of aluminum.

Whether or not this artificial leg was made of Canadian aluminum, we wouldn't know. Perhaps it was, because we do produce one quarter of the world's supply. That's quite a big thing for Canada. It means jobs for Canadians, and money from abroad to pay for Canadian imports. Right now we are hard at work on extension projects in Quebec and British Columbia; for we intend to go on playing our part in helping Canada grow. Aluminum Company of Canada, Ltd. (Alcan).

CANADA SAVINGS BONDS

You can now place your order for the new Sixth Series of Canada Savings Bonds. They're going to get a hearty welcome from thousands of thrifty Canadians.

And no wonder—when you think of the handsome return they pay! For instance, the owner of a new \$1,000 Canada Savings Bond will get \$350 interest over its life of 10 years and 9 months—an average per year of 3.21% for this period. A \$500 bond will pay \$175 interest over the same period. Think what amounts like these can mean to you and yours!

This time you can buy up to \$5,000, in any one name.

In the meantime your investment stands as an always-available source of cash to meet emergencies that might crop up.

You can get your Canada Savings Bonds through your investment dealer or bank—for cash or on easy instalments. If you work in an office or a shop, ask about the convenient Payroll Savings Plan.

Whichever you choose, don't delay. Place your order today for Sixth Series Canada Savings Bonds—now better than ever.

-: DISTRICT NEWS -:

CREMONA NEWS

Mr. J. C. Stuart left recently to reside at Calgary where he is employed as maintenance man for the electrical service in the Barron building.

Mr. and Mrs. Odel Hammer of Redlyn, Sask., were visitors for two days last week at the home of Mr. and Mrs. H. Pearce and family. Miss Grace Foster, who has been visiting for the past month with her parents and relatives at Buck Lake, returned to Cremona over the weekend.

Mr. and Mrs. Joe Dick and family and Mr. and Mrs. Wm. Taylor of Didsbury were Sunday guests of Mr. and Mrs. C. H. Waterstreet and family. The sincere and heartfelt sympathy of Cremona and district is extended to Mrs. McQuarrie and family on the passing of Mr. McQuarrie.

BAKERIES CONVICTED

Justice Boyd McBride found six western bakeries guilty of operating a combine in the selling of bread, and imposed fines of \$10,000 apiece on three major groups.

In delivering judgement, Mr. Justice McBride characterized certain actions of the six companies as fra-

WESTCOTT NOTES

(Last Week)

Mr. and Mrs. Donald Artman and family of Calgary spent the Thanksgiving week end with the former's father Mr. Robert Artman, and sister and family Mr. and Mrs. H. Wilshusen.

The Goetjen sisters, Elaine, Marjorie and Deloyce spent the long week end at their home.

Mr. J. Colpitts of Arma and Mr. Ralph Buck of Drumheller were holiday guests at the Herbert Goetjen home.

Over the weekend the buzz of the harvesting operations was in full force. Many farmers combining, others still cutting crops down from the recent snow. Everyone has been trying to beat old-man winter by getting the crop off the last few Indian summer days.

duent. He said they operated "a system of plunder comparable to meeting a man on the street and forcibly robbing him of his money."

Said Judge McBride: "I am satisfied that as a result of the criminal conduct of the accused corporations the public was mulcted of very substantial sums of money, both during the years of hard times and war times, for bread, a vital food-stuff."

MOUNTAIN VIEW

Mr. and Mrs. Eric Atkinson attended the wedding of the latter's brother, George Smith, in Calgary on Saturday, October 13. Miss Agnes Tighe of Innisfail visited at the home of her parents, Mr. and Mrs. G. Tighe, over the weekend.

Wednesday afternoon visitors at the home of Mrs. A. Gebers were Mrs. Ed McNeil and son and Annie Kolbitz.

The Emil Millers visited Sunday afternoon with Mr. and Mrs. Dave Pratt and family.

Snow, and more snow. Sunday night's storm brought a halt to all harvesting operations in the district, and temperatures dropped to well below freezing with no break forecast by the weatherman.

CHRISTIAN SCIENCE

Is it impractical for man to have an impressive part in his own salvation? This question will be expounded in Christian Science churches Sunday in a Lesson Series on "Doctrine of Atonement." The following excerpts are taken from it: "He has sinned thee, O man, what is good, and what doth the Lord require of thee, but do not justly, and to love mercy, and to walk humbly with thy God?" (Micah 6: 8) "Work out your own salvation; is the demand of Life and Love, for to this end God worketh with you. 'Occupy till I come.'" Science and Health with Key to the Scriptures, by Mary Baker Eddy, p. 22.

M.V.B.C. NEWS

College has begun! Although a number of students are delayed because of harvest conditions, we feel that the enrollment is quite good and that a splendid group of students have come to us again. One young man has come from Bellingham, Washington. Three students come from British Columbia, two from Iowa, one from Idaho, and a number from our own Province. There are three Registered Nurses in the group, and one school teacher. We are anticipating good classes, much study, and a happy time together this winter. Each one enrolled seems enthusiastic and desirous of getting the most out of the school year.

Mr. G. Lyle Richardson, head of

the Music Department, arrived on October 9 after a meeting with the Gideons in Regina where he was guest soloist at both the Saturday banquet and the Sunday services. Both he and Mr. John Wilson, piano teacher, are planning a very splendid schedule for their voice and piano students. It is the anticipation of Mr. Wilson that his advanced piano students may be able to take on the teaching of some children who may want to take lessons. This would be done under his supervision. Should any persons be interested they could always contact him at the school.

Mr. Waldin, Dean of Men, will be on the Campus from Monday until Friday of each week. His leadership among the young men will be of great value to the College this winter. Over the week ends Mr. John Wilson will act as his assistant in capacity of Dean of Men.

Several of the students have been fortunate in securing part time work for the winter months. The lack of such work does affect our enrollment for many more students could well carry a limited amount of work during the time they are here and thus help themselves finance their way through school.

Quantities of vegetables are being brought in by those who have more than they need for their own use. We are always grateful for this, and we are hoping that our vegetable bins will soon be filled for the winter.

Rev. and Mrs. H. Edwardson of the Alliance Church in Revelstoke, B.C., were callers at the College last week. It was good to see them again.

Rev. and Mrs. Donald Taylor, of the United Missionary Church, Winfield, B.C., were guests at the College also. Mr. Taylor has recently returned from Europe. He is Vice-President of the College.

Have you heard about our new reception room? This room was formerly occupied by the Secretary-Treasurer. It has been beautifully redecorated and equipped and is a very acceptable room for reception purposes now. You will want to see it.

Keep watching for the announcement re Open House. You will want to see the many improvements at the College during the summer months. Faithful volunteers have done most of the work and those of us living here surely appreciate what they have done. We are proud of our school.

EXCLUSIVELY CANADIAN...

Created and signed by The House of Seagram, this advertisement, with appropriate copy for foreign lands, is appearing in magazines and newspapers printed in various languages and circulated throughout the world.

Seagram TELLS THE WORLD ABOUT Canada

This advertisement was designed by The House of Seagram to tell the people of other lands about Canada and things exclusively Canadian.

Many people in Latin America, Asia, Europe and other parts of the world are not fully aware of the richness of Canada's natural resources, wild life, scenic beauty and cultural traditions. The more the

peoples of other lands know about our country, the greater will be their interest in Canada and Canadian products.

The House of Seagram feels that the horizon of industry does not terminate at the boundary of its plants; it has a broader horizon, a farther view—a view dedicated to the development of Canada's stature in every land of the globe.

The House of Seagram

YES, IT'S COLD OUTSIDE!

But it's nice and warm inside when your heating equipment is working properly.

We'll clean and recondition your heating plant, and give true Winter comfort.

And we'll show you Honeywell's CHRONOTHERM—the clock thermostat that automatically gives you luxury heating comfort and pays for itself in fuel savings.

—When natural gas comes, be ready. Propane gas heating and cooking will convert for only a few cents. See us now. Harold E. Oke, phone 10, Didsbury.

Mayor H. Lynch Staunton of Didsbury was elected vice president of the Union of Alberta Municipalities at the close of the annual convention in Calgary last week.

Jim Miller of the RCSC, Camp Borden, Ontario, arrived home Saturday on a 28-day leave.

Mr. Douglas Durant of Vancouver is visiting at the home of Mr. and Mrs. A. Gole and family.

Mrs. A. L. McInnes is reported to be progressing favorably in the Didsbury hospital following a recent operation.

Miss Joyce Topley R.N. and Miss Dora Thompson R.N. of Claresholm left last week for New Westminster, B.C., where they have accepted positions at the Royal Columbian hospital.

Due to the snow storm and blocked roads some of our country correspondents were unable to get in their news for this week's issue.

Mr. and Mrs. Frank Jackson returned Sunday evening from a four months' trip to the Old Country. During the summer they visited in France and Italy, and report a very enjoyable trip.

—Propane Gas for heating and cooking. Be ready for natural gas when it comes. See us, Harold E. Oke, phone 10, Didsbury.

The Dreaded Inflation

(H.G.L. STRANGE)

People are gradually becoming aware of, and so dreading, the inflation of money that is gradually creeping up on us. The cause of our present inflation is simply that we are re-arming to preserve our freedom and liberties against Communist aggression. As munitions and armaments are being built there are fewer goods for the people to buy. Yet the people, because of higher wages and greater employment and over-time, have more money in their pockets, so naturally all prices rise. To stop inflation Labour Unions must stop asking for increases in wages, and all of us must spend less and save more, investing our savings for preference in Government Bonds and Saving Certificates. Then the Dominion and Provincial Governments, Municipalities, City Councils, and School Boards must themselves endeavor to reduce their expenditures, and to delay, until our re-armament is completed, in improvements they would like to make. If all will co-operate in this way the inflation will soon be stopped in its tracks, and all prices will stop rising.

But the Government is being asked to control inflation by artificially controlling commodity prices. This is a myth and a delusion, and will not work, for commodity prices are merely the effect and not the cause of inflation. Rising prices cannot be cured by price controls any more than the doctor can cure a ruptured appendix by rubbing ointment on a patient's stomach.

REDEEMER LUTHERAN CHURCH

"The Church of the Lutheran Hour."

REV. E.B. FOX, Pastor

Divine service every Sunday at 11:00 a.m. Sunday School and Adult Bible Class following the service.

COME... HEAR...

REV. ROBERT CHUNG

Missionary for the Church of the Nazarene, from Seoul, Korea, has had an outstanding ministry in his native country.

Following his graduation from Asbury College in 1925, Robert Chung returned to his native Korea and began preaching the gospel, where he has had an active ministry for nearly twenty-five years. He has been in great demand as a guest speaker for various denominations, and his message has been largely accepted among his own people. The first year of his return to Korea he saw over six thousand people led to Christ under his ministry. He has held tent meetings in most of the large cities in Korea and many in Manchuria.

According to Dr. Beniss Reifeldt, secretary of foreign missions for the Church of the Nazarene, with International Headquarters in Kansas City, Missouri, U.S.A., Rev. Chung supervises nine main churches and several additional mission stations for the Church of the Nazarene in Korea.

Rev. Robert Chung has recently arrived with his family in the United States, having escaped from Seoul, Korea, the southern capital, just before the Communists overran the city. He lost all his possessions, but was able to escape with the members of his family and lived in Pusan until he was able to secure passage to the United States.

The message of this modern missionary hero will be fresh from the war front. Rev. Chung will give his audiences first-hand information concerning the titanic struggle in which our armed forces are now engaged.
